

I WISH THIS WAS YOUR HOUSE!

There have now been 2 recent burglaries in your area where the burglar got in through an unlocked door or open window!

Dear Mum,

I'm having a lovely time here in

.....
It's really easy to make plenty of extra money because people round here keep on leaving their doors and windows open and unlocked so I can just walk in and help myself to whatever I want!

I know the residents have been sent a letter by the Community Safety Partnership telling them how they can make their houses more secure but there are still plenty of people who haven't taken the advice, which is great for me!

Anyway, lots of love and bye for now,
Rob. xx
